Dinner party at Brighton

disposable? It's not usual thing as well
Unlike the buffet thing.
For the little kids, you went to the party. Paper or plastic plate. You don't break anything and quick to clean up
When you having a dinner party is not usual? No
If you have lots of people, if you don't have plate for everyone.
For me? I don't like to use it. when I use it, I'm quite worry about how can I wash it
I don't really wanna waste it, but rather than broken. It's a balance
Hard to use than actual folk
Oh yes, a bin and no washing up
Successful for cleaning
Oh people sometime use paper plate because it's convenient
Throw it whole thing away
Family take away night, when they order pizza or something
Paper plate and disposable whole thing
Pizza
When we get pizza sometime we use kitchen roll. feel I don't quite feel like a meal
Or there a lot of people, and you don't wanna big clean all the washing up
Back at home.
Did you feel really different having a meal back at home and here?
Does it really different?
Paper plate is quite summer thing
You don't be more confused to use it in winter setting have paper thing
up in there?
Where is in summer, double take in
Food you have it is different lighter
Pasta, pasta salad
But the winter is 소떡지 스토지
내 친구들은 환영받지 못하는 기분이라고 했어
More like guest easy and paper dish for guest
Cheap dishes. 일들 먹고 가 이런 느낌?
Do you have the plate for guest?
The plate for special thing!
Like wedding dinner stuff, or the Christmas plate.
Permanent in cupboard
Wedding crockery
무게에 따라 접히고 이런것도 재미있고
It feel like 'You don't Trust us!' Child thing
기념 그릇이 존재할 수도 있는데! 이런 언저리
그 그릇이 쓰이는 시간과 기념할 것 있어
내가 웨딩때 받은 선물!
뭔가 스토리가 없다면 종이플레이트의 경우에는!
로리의 경우
Me and sister, when we go night out together or separate start drinking together when we getting ready, we both turn 18 and 21 in same year.
They use special cups at that time sparkle the 18 and 21 (1:04:)
Special glasses.
Special Gin glass
Go and Get a gin glasses, it's a gin time
Big bowl one and Metallic
I love it... it's beautiful so funny thing!
