hey hope your having a good weekend 😊 just wanted to touch base with you about the collaboration project, i have been doing some illustrations on photoshop with some of my prints, if you wanted to have a look and meet up and talk about designs. Also would you like to do womenswear or menswear? x

Jasmine Gandey

03/11/2013 15:13

womenswear would be great, and yeah of course, i would love to see them if you can send some through now?

Jasmine Gandey

03/11/2013 15:24

yeah, at the moment we are doing a tailoring project and we have not officially started with this one, but i have got some research done already as a starting point, i hope that's ok?

Sophia Cutler

03/11/2013 15:27

yeah thats cool, just to get a general idea of what sort of prints would work in the context

Jasmine Gandey

03/11/2013 15:28

Ok, cool, don't worry I will get into gear soon, is there anything realting to your concept i should look at before tomorrow? Or shall we just go through it all tomorrow>

Sophia Cutler

03/11/2013 15:30

yeah we could just go through it tomorrow

Jasmine Gandey

03/11/2013 15:44

ok.

shall we meet in the canteen then ?

like cotton and silk and something else? I could take a blank one and a few ccopies of your designs.

when i said about sweatshirt designs they said that cotton might be better to work with for that.

Sophia Cutler

📍 22/11/2013 17:11

Yeah theres certain materials which you can only print on, need to find out more about that. The samples I have are on silk, I could bring those in Monday and show you before hcs?

Jasmine Gandey

22/11/2013 17:14

yeah, that would be good, would it be possible to scan some of your work in? so that I have a copy of it for friday, just bring what you have done so far and I can do it after in the computer room at uni, or during lunch if you are free to meet?

Then I can get an Idea about what the concept should be and how I can use them in the designs, could you scan some in now, or if you don't have a scanner, take some pics on your phone to send me so that I have a rough idea before I start drawing stuff out.

It also means that I can use the images of your designs inside the designs if you know what I mean, then I can have something to show you and we can decide together what would be best.

Sophia Cutler

22/11/2013 17:29

yeah dont have a scanner so can take some photos

Jasmine Gandey

22/11/2013 17:30

Ok cool cheers, I will just do some outline designs tomorrow then and add the scanned ones in on tuesday or something x

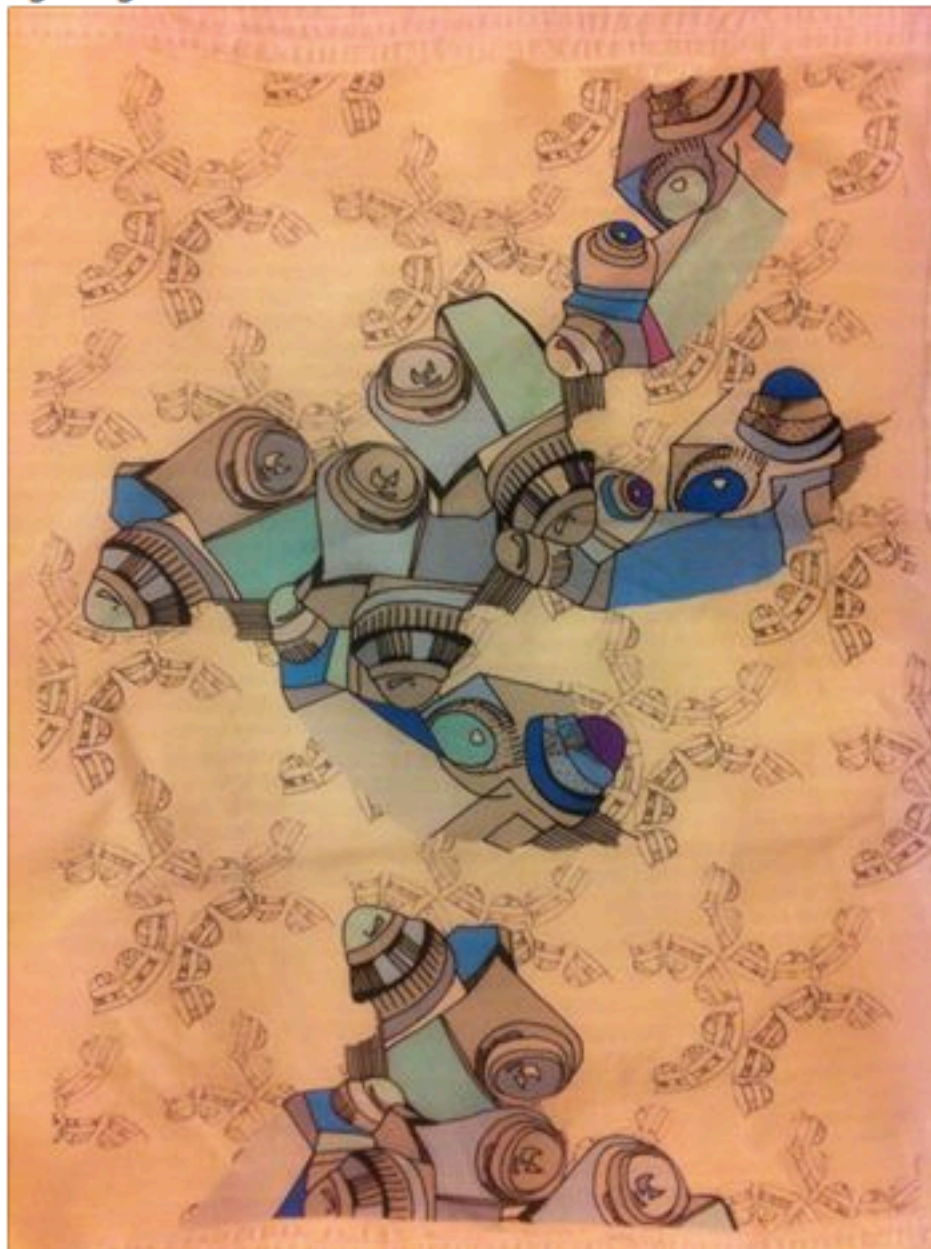

Sophia Cutler

22/11/2013 17:32

That one has got a white background, sorry about the lighting!

Jasmine Gandey

22/11/2013 17:35

It's alright, how many do you have?

Sophia Cutler

📍 22/11/2013 17:35

5

Jasmine Gandey

22/11/2013 17:36

cool, yeah send them through, they have come out well, so you are thinking of using silk? or are you trying out anything else?

Sophia Cutler

📍 22/11/2013 17:38

I don't mind, I think they look quite good on silk, but for the samples we all had to use silk.

Love that one!

I don't remember that from last time, I really like it.

Sophia Cutler

22/11/2013 17:41

Thanks 😊 glad you like it! Yeah thats a new one

Jasmine Gandy

22/11/2013 17:41

how big are the samples? – so I know what scale to have them on the designs.

Sophia Cutler

22/11/2013 17:42

they are A3

22 November 2013

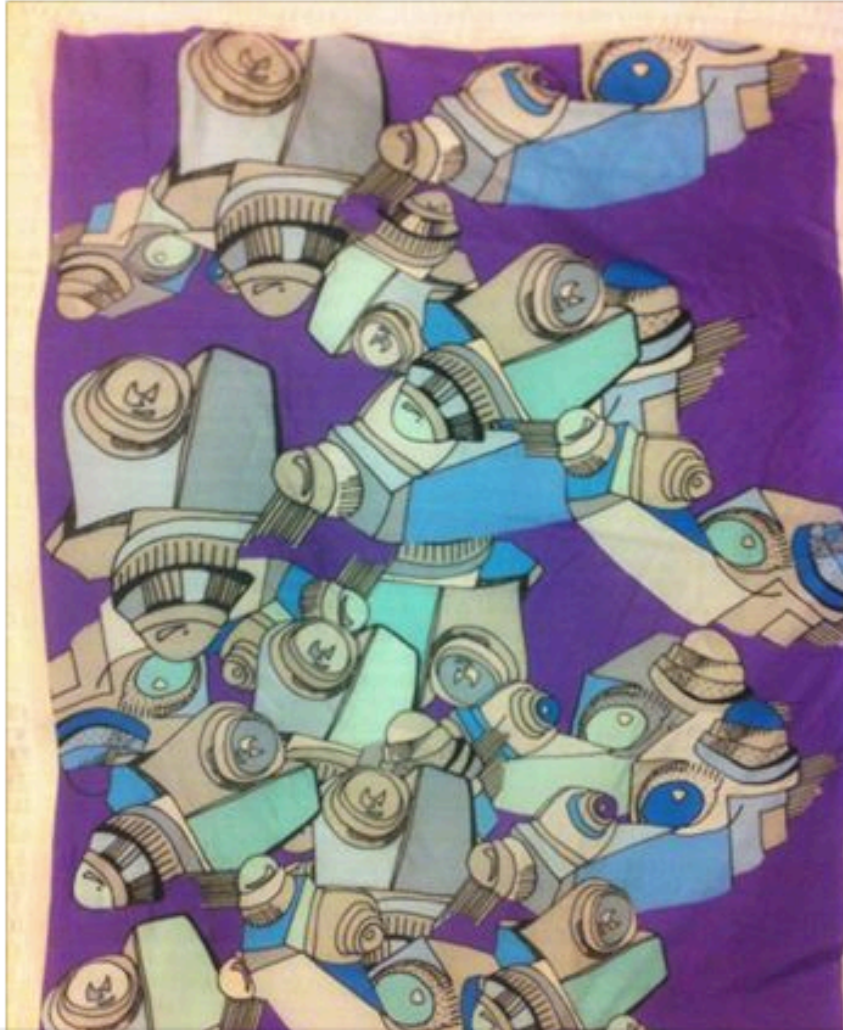

They do look good on silk, even though I can't properly see it ha! but you know what I mean, maybe that could be a possibility for the final garment.

Sophia Cutler

22/11/2013 17:44

Jasmine Gandey

22/11/2013 17:46

1st 3rd and 4th are my favourites.

Sophia Cutler

22/11/2013 17:48

yeah i think those would work well with silk and the other 2 probs best on a thicker material

i need to go and catch a train is that everything you needed? i will bring those on monday

Jasmine Gandey

22/11/2013 17:50

Yeah you are right, thats great thankyou, see you on monday to scan stuff, thanks for your help x

Sophia Cutler

22/11/2013 17:51

thats ok, see you monday x

Sophia Cutler

📧 01/12/2013 22:17

i have done another 5 designs, want to do a few more but i think these work better than some of the previous designs and hope you like them, could show tomorrow at HCS 😊

Jasmine Gandy

📍 02/12/2013 20:06

Sorry, I forgot to stay and talk, would it be ok to have a selection of prints, so that we can panel them similar to your research of basso and brook? The tutors really liked that sort of vibe, and if it's too much to do, they said I could buy another fabric to mix in, like something graphic, like checks, so mix it up a bit, it would be cool also, to see how it would look with two prints side by side on the same piece of fabric, if that is possible? I am in Thursday and Wednesday if you want to meet up? X

**Sophia Cutler**

02/12/2013 20:31

Haha thats so weird I was literally just writing to you!
Yeah Wednesday would be cool. I have done more
designs which look more geometric . X

**Jasmine Gandey**

02/12/2013 20:53

Brilliant 😊 x

Hi sorry, I have your samples in my locker, we are all
going mad trying to get out jackets done for next
week, would it be alright to talk Monday? X

**Sophia Cutler**

05/12/2013 21:46

Hi would it be possible to get my samples tomorrow?
And yeah would be good to talk soon x

**Jasmine Gandey**

05/12/2013 21:53

Yeah, I am in tomorrow morning until 2pm, it's all in
my locker, my designs are not really finalised, and I
will have better ones which I can send to you over the
Christmas holidays x

Sophia Cutler

05/12/2013 21:56

ok cool, could i get them around 1ish? what sort of designs have you done, did you go with womenswear or mens? x

Jasmine Gandy

05/12/2013 22:00

Womenswear, they are pretty poor, because I have had a lot on, but from that sort of idea, I think it would be good to layer it up a bit, like have a dress with another layer over the top or something, they will et better, it's just I have gotten snowed under, I am planning on asking for an extension as well x

Sophia Cutler

05/12/2013 22:02

yeah layering sounds good 😊 have i shown you my new designs?

Jasmine Gandey

19/12/2013 10:26

hey sophie, hope you are having a good christmas 😊
just wondering if you could send through a pic of
those designs you showed me, I woud like to be able
to photoshop them into my drawings so that I can
show you properly how they would work x

Sophia Cutler

🗨 19/12/2013 11:32

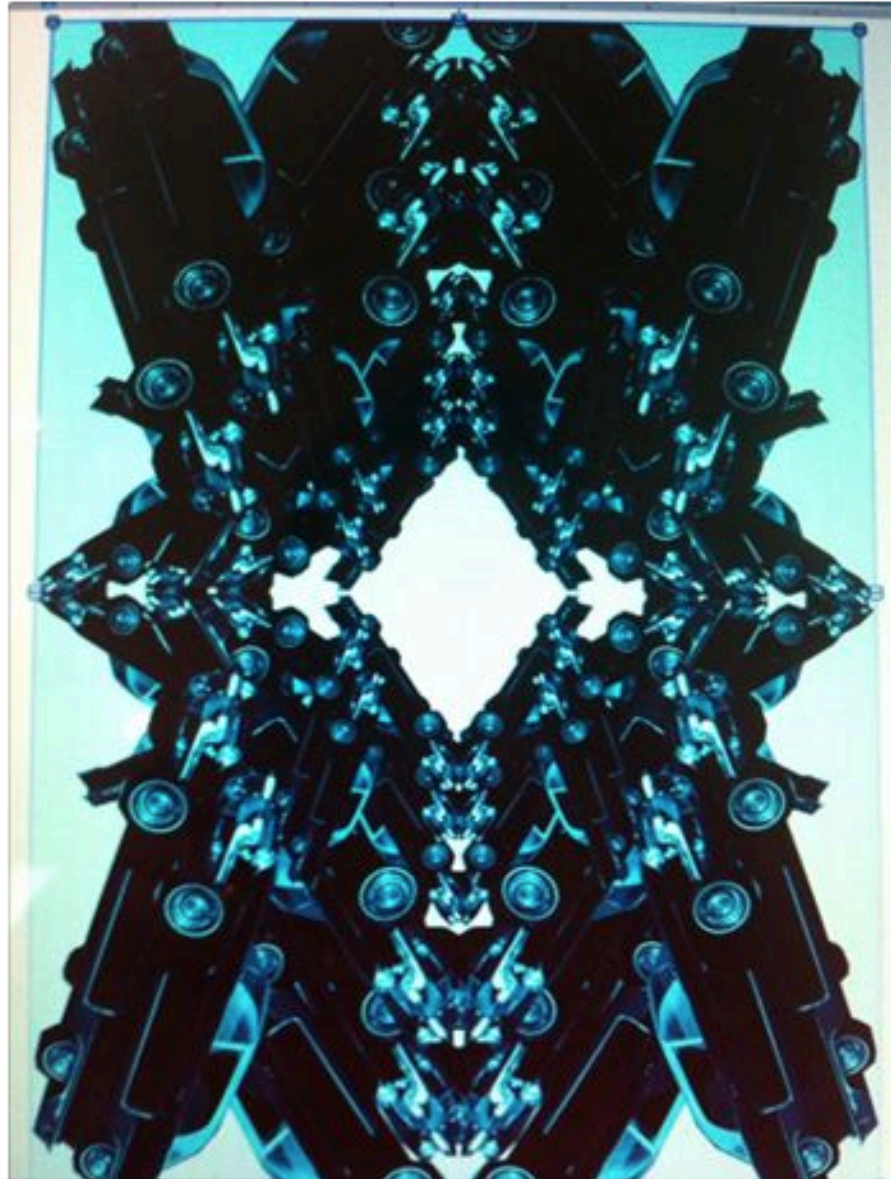

ok yep i can send you them through shortly

Sophia Cutler

📍 27/12/2013 13:24

Thanks 😊 and don't worry, I haven't got all the drawings together yet, my friend works in a garage and she is going to send me some mechanical photos

Jasmine Gandey

14/01/2014 18:29

also, is it all good to go with cotton for the final one?

Sophia Cutler

14/01/2014 21:21

its the first door on the left as you go through the double doors by the stairs, i think its 134

yeah that should be ok

16 January

Jasmine Gandey

16/01/2014 10:07

Hi sophie, is there any way that I could get a sample of the cotton you will be promoting on? Are you in today? Or do you know if I can find any scraps of it anywhere?

Jasmine Gandy

📅 20/01/2014 13:45

Pencil drawings (so you can see the seams, this was before I collaged them, I am bringing the collage ones in now)

Jasmine Gandey

📍 21/01/2014 11:05

Hey, could you let me know (if there are any changes) which one of these designs you like, it's a bit clearer in pencil, to see how each one would work x

Sophia Cutler

📍 21/01/2014 14:41

I think this one could be pretty interesting to work with? Are you in today? X

Jasmine Gandey

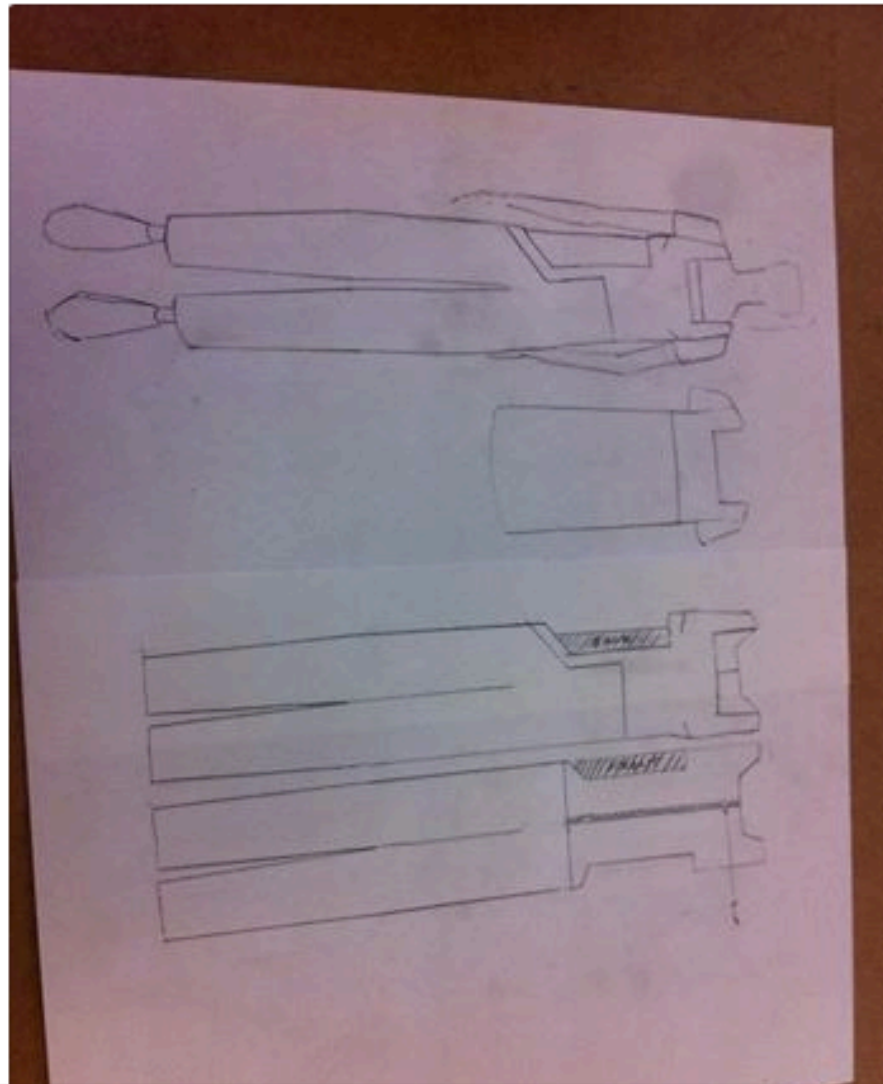

29/01/2014 10:47

Hey Sophia, just let me know if you are happy with this design, it's sort of like a top and dungarees x

Jasmine Gandey

29/01/2014 10:47

Sophia Cutler

🗨 29/01/2014 21:28

so would the dungarees be all one print and the top another, showing through the cut out?

30 January

Jasmine Gandey

🗨 30/01/2014 10:09

The dungarees have one print at the top and another at the bottom, with a different print peaking through the hole.

Are we still doing the black and white and the one Craig really likes with the red saucer things.

30 January

Jasmine Gandey

📍 30/01/2014 13:31

I am starting a toile now, I am in room 104 if you would like to have a look, but I have only done the pattern, I will start seeing next week x

🗨 30/01/2014 20:48

sorry just got your meesage, could we meet maybe monday? sounds good, so are just using the 2 prints?

✓

Jasmine Gandey

30/01/2014 20:54

Well, I think a third might be in order, but we need to decide together which one would work best, and obviously I am happy to pay for extra meters, so long as I can keep the jumpsuit after??

If that is ok ?

Sophia Cutler

30/01/2014 20:56

Leo said we can only use 2 prints max?

Jasmine Gandey

30/01/2014 20:56

He said we could print two side by side if needed

Like half it over on a certain part?

Mike in my group is printing a lot and he said that it was £15 per meter for extra.

I think that we will need to speak to him, because if my tutors want a jumpsuit + a top, then 2 meters and two prints, just won't work.

Sophia Cutler

30/01/2014 20:59

yeah should probs speak to him again, could do that monday?

could i keep the top and you keep the jumpsuit?

I was thinking, sticking to the drill for the jumpsuit and then the top in the lighter material? Which we could print with the two prints side by side, if we really need to.

Sophia Cutler

30/01/2014 21:23

its fine to use 2 fabrics as they will print all the prints
on drill together then all the ones on the silk or
whatever. we could meet outside james barr office,
then i could show you the fabrics in the print rooom?

Jasmine Gandey

30/01/2014 21:29

Yeah, good idea, I can show you the pattern too 😊

Sophia Cutler

30/01/2014 21:35

awesome see you monday 😊

Sophia Cutler

📍 12/02/2014 12:44

Hey for the second fabric can we go for silk cotton, which would be for the top and cotton drill x
