

Are you interested in being part of a network for occupational therapists working in diverse settings?

Dr Channine Clarke, Tracy Szekely and Sarah Mead: School of Health Sciences, University of Brighton (C.Clarke@brighton.ac.uk)

Examples of OT role in diverse settings

Charities-
community arts
projects, group
work

Refugees- promoting
identity, social
inclusion, reducing
occupational
deprivation

Homeless-
meaningful
routines, activities,
vocational rehab

Residential Homes –
life stories, falls
prevention, social
engagement

Schools-
developing self-
esteem, stress
management,
raising awareness
of obesity and
activity

Housing associations
– providing routine,
structure, group
work

Have you ever thought of
working in a non-
traditional setting?

Are you working in an
emerging role / diverse
setting as an OT?

Supervision

Do you have any concerns
about professional supervision
in diverse settings?

Do you feel you have
adequate support?

LEAP INTO THE FUTURE

OF OCCUPATIONAL THERAPY !

COT

What support would you like
from COT?

Would professional guidance
from COT be useful?

Competencies

Do you feel the profession
needs competencies for OT's
working in diverse settings?

HCPC
Are you worried about how to stay
registered?

Do you know of OT's whose registration
has lapsed due to working in an
emerging role / diverse setting?

Do you have any tips that you can share
with other OT's?

We are starting a network
to promote and support
occupational therapists
working in diverse settings.

If you answer 'Yes' to any of these questions
and would be interested in being involved
please leave comments and contact us!
